December 2022, Vol. 68, No. 12

Dr. Ioana "Anna" Bettios

Letter from the DC Dental Society President Ioana "Anna" Bettios, DDS, MS, FACP, FICD, FACD

Dear Colleagues,

I hope that you all had a wonderful and blessed Thanksgiving holiday, and spent quality time with family and friends. I am very grateful to our wonderful members and friends in our society and for our outstanding achievements this year to improve quality service for our members and our patients.

DCDS continues to advocate for you to improve the staffing situation in DC. On November 20, several members of the DCDS board of directors and Public Policy Committee met with the Chair of the DC Council Committee on Health, Councilmember Vincent Gray. Members provided testimonials on licensing challenges and the impact of shortages of dental hygienists and dental assistants. Many members have been forced to cut back on the number of patients they can see and have suspended their ability to accept new patients. We are even seeing some dentists and staff leave the District to practice in other areas of the DMV.

I would like to offer special thanks to Executive Director Kurt Gallagher and our lobbyist Brett Greene for their effort to secure the meeting with the councilmember. Mr. Gray was sincerely concerned about the licensing challenges and the impacts of shortages of dentists, hygienists and assistants on our members and the community we serve. It was an extremely positive meeting. He offered his support to continue discussions to advance meaningful changes. Thank you to all who participated in the discussion and for your continued commitment to representing our members' interests.

It is time for membership renewals. I want to thank our members for their support, which will enable us to finish 2022 with strong membership numbers! If you did not receive your renewal invoice for 2023 or have any ques-

tions about the membership renewal process, please contact the DCDS office. When you renew your membership, you may want to consider donating to the DCDS Foundation and ADPAC. Your contributions allows us to give back to the community (in the case of the Foundation) and advocate for national legislation that is beneficial for dentists (in the case of the ADPAC).

Our members are the best recruiters of new members. Our member-bring-a-new-member recruitment bonus is returning for 2023. If a dentist you recruit becomes a member of DCDS, you will receive a \$100 reward (up to four members), which will expand our membership and make our society stronger. For information, please contact the DCDS office.

We hope to see everyone during our upcoming December events before we break for the holiday season! We have two amazing events planned for December. Our December CE meeting will be held on December 8 at Catholic University and will feature a presentation by Dr. Arun Garg on “Implants and Full-Mouth Implant Rehabilitation.” Our holiday happy hour is scheduled for December 15 at Proper 21, 2033 K Street, NW. The first 40 members who attend will receive two drink tickets. See details on page 6 of this newsletter and also on our social media platforms. Finally, the DCDS board of directors will meet on December 12 to discuss matters to continue to move our society forward. We will keep you abreast of any announcements and updates.

Wishing everyone a wonderful and safe holiday season!

Best regards,

Dr. Ioana “Anna” Bettios, DDS, MS, FICD, FACD, FACP

DCDS Pro Bono Program Lets You Provide Care in Your Practice

DC Dental Cares is a pro bono program of the DCDS Foundation created to enable humanitarian outreach by DCDC members in our local community. DCDS has partnered with the Catholic Charities Healthcare Network (CCHCN) to provide dental care for the most vulnerable and in need members of our community. This program is win-win: for our community, for the individuals who receive dental procedures that would not otherwise be possible due to costs, and for the DCDS volunteer who gains that warm feeling that comes from doing good.

Patients are fully vetted for need by CCHCN, and the treating dentist sets the level of care provided. You can treat one person a year or several a month, all while in the comfort of your own office. Sign up using our brief online form via the button below.

Photo features just some of the DCDS members who have given their time to provide free care to the DC community in recent years.

Sign Up for DC Dental Cares

Giving to Others

"I have been working with Catholic Charities providing pro bono dental care to the needy for over 20 years. The program developed by the DCDS Foundation in collaboration with the CCHCN is exactly what I have been doing for all these years, but now instead of working with this program as an individual I am now doing it through the Foundation so that our presence in the community is visible. The program is well developed and easy to join.

When CCHCN sends me a patient, I treat them like a new paying patient in my practice. I take a Full Mouth series of radiographs and do thorough exam to ascertain what the individual needs. Sometimes I just treat the emergency and sometimes I deliver comprehensive care. The patient and in many cases the accompanying family members can't stop thanking me. Their genuine smiles alone are good enough pay for me. Many bring little tokens from their country some send beautiful notes while others just give a nod and a smile. I can honestly say that I feel I get more out of giving to these folks than I actually give to them, because what I do daily is help people and it is routine for me, but when someone in need who can't afford dentistry feels better, looks better, smiles for the first time in a long time, gives me a hug and a huge thank you.... my day is fulfilled and I know I am making a difference in the day to day lives of someone other than myself. "

Dr. Margaret Culotta-Norton

DCDS Representatives Attend ADA House of Delegates Meeting

Several DCDS board members attended the ADA's Annual House of Delegates meeting from October 15-18 in Houston, Texas. The meeting included remarks by outgoing ADA president Cesar Sabates and 2023 president George Shepley; nominations of officers, reference committee hearings, a SmileCon report, acknowledgement of outgoing trustees and officers, and installation of 2023 officers and new trustees.

Md. senator shares inspiration for Medicaid dental coverage bill

ADA Morning Huddle, December 5, 2022

Maryland State Sen. Malcolm Augustine said he was inspired to introduce a bill requiring adult dental coverage in the state's Medicaid program after visiting a free dental clinic at the University of Maryland and seeing the many people who did not have dental coverage, State of Reform reported. "My constituents shared with me how they could not afford the out-of-pocket dental care, [how] they suffered, and [how] they had long waited for this event," he said. "In retrospect, I noticed some of these folks had not smiled, and this was just wrong, simply wrong." Sen. Augustine's [bill](#) was enacted into law and takes effect in January. The [ADA](#) has advocated for higher Medicaid reimbursements for dental care and encouraged dentists to participate in the program.

CDC distributes over \$3B to improve US health infrastructure

ADA Morning Huddle, December 1, 2022

The Centers for Disease Control and Prevention is awarding more than \$3 billion in grants to all state, territorial and local health departments, Reuters reported. The grants will fund efforts to build and strengthen the country's public health infrastructure and workforce, which were put under severe stress by the COVID-19 pandemic, CDC Director Rochelle Walensky, M.D., said.

Develop a strategic hiring plan to fill workforce openings

ADA Weekend Huddle, December 3, 2022

Dental practices can develop a strategic hiring plan to help address workforce shortages, dental practice performance coach McKenzie Berry writes in DentistryIQ. Ms. Berry identifies the three key components of a plan as a job candidate's contact experience with the dental practice, competitive wages and benefits and patience. She recommends waiting for the right job candidate -- even if the practice really needs to hire. "Hiring the wrong candidate, subsequently dealing with office drama due to ineptitude or incompatibility or worse yet, having to let them go is immeasurably stressful on the office manager as well as the whole office," Ms. Berry writes.

[Full Story: Strategic hiring plans for workforce shortages](#)

Charitable efforts can build positive brand image

ADA Morning Huddle, December 5, 2022

Dentists can make a difference for community oral health and grow their business by letting the public know about their team's charitable activities on social media and on their website, according to Dental Economics. The dental office can be part of a local or national dental charity organization or run activities that they can do by themselves, such as pledging the proceeds of a single day of teeth whitening to a charity.

[Full Story: Dentists can let public know about their charitable efforts](#)

What are the clinical features and sites of oral lesions in patients with monkeypox infection?

ADA Weekend Huddle, December 3, 2022

A systematic scoping review highlights the population characteristics of persons infected with monkeypox and the clinical manifestations of associated oral lesions to support dentists in the prompt medical referral of patients with suspected monkeypox infection.
